FGHM64 OPERATION DETAILS

Raising the mast

Carefully raise one section at a time. Begin with the smaller 1" tubing. Look for indicating marks on tube to help line up your locking pins with pin holes. Repeat the following procedure for the remaining sections.

Azimuth rotation

Manual rotation provided using the clamp assembly locking lever. Simply release lever, turn system to desired position and lock lever.

Lowering the mast

CAUTION: LOWER YOUR MAST SLOWLY AND CAREFULLY! DO NOT LET THE SYSTEM SLAM DOWN. THIS MAY CAUSE SERIOUS PERSONAL INJURY, DAMAGE ANTENNAS AND MAST.

Lower one section at a time. Begin with the bigger 2" tube. Repeat procedure for the following smaller tube sections.
